About NCPL:

Since 2005, NCPL an ISO 9001:2008 certified company has been building great teams to develop, migrate or maintain complex, and mission-critical software.

We have mastered the dynamics of distributed software development, mobile technology, developing a workflow and methodology that improves our performance on every key customer metric, including product quality, time to market, budget adherence, project transparency and issue resolution. That's why over 95% of our clients come back for more.

NCPL – Innovate and Excel

Solution:

NCPL set up a dedicated offshore team to the development of this project. Developers started interacting with client on day to day basis for ease of understanding the requirements and delivered the application.

Our web-based solution provides reliable access to the system for visitors around the world to access the site to register for the request to prayer, donating the funds and to buy the products online.

To ensure a smooth transition to the new system, our ODC team continues to provide the client with ongoing support and maintenance.

Result:

NCPL's collaboration with the client helped the client to interact with his customer base using the email notifications for all the users.

Today, the client benefits from constant, guaranteed high availability and a faster access to the site.

NCPL's commitment to easing the implementation of its solution with high-quality maintenance services allows Prophet Manasseh to focus on developing their core purpose of their goal.

NCPL was awarded to do the enhancements to the site and also other projects related to this client.
